Hi Josh,

We hope you enjoyed our guide, **How to Scale your eCommerce Business**.

Now that you're armed with the knowledge of how to build a team and tools you need to support them, what's next? Here's some further reading on Buy Management and empowering your team with better tools.

[What is a Buy Management System, anyway?](#)

Get the full scoop on what a Buy Management System is, how it works, and the tangible benefits it offers to your merchandise financial planning and buying efforts.

[Why every buyer needs a Buy Management Database](#)

Your Buy Management System isn't just a tool to plan and manage your buys. It's a centralized database that keeps your team connected and your data accurate and up-to-date.

Why using Excel to plan your buys is yesterday's news

Everyone loves Excel — until you lose important data or your spreadsheets get so slow it takes hours to complete basic tasks. And as your business grows, the demands on your buyers, and their spreadsheets, will too.

Thanks for reading.

Sincerely,

Your friends at daVinci

Step away from the spreadsheets

Even armed with the knowledge that manual data entry presents risks to your business, it can be hard to convince your teams to change. Here's how to help them see the bigger picture.
